A. & M. COLLEGE TALKS BASEBALL

Basketball Stars Reenter School and Team Members Are Encouraged.

Agricultural College, N. M., Jan. 14.—A meeting of baseball enthusiasts was held recently at the Y. M. C. A. The object was to discuss ways and means of securing new equipment for the team and to plan a post season tour through Colorado, western Kansas and the Pecos valley.

The independent college telephone system is completely installed and working admirably. In all about 20 lines are on the switchboard.

Evangelist Finney and soloist Hiett, entertained the student body in the Thursday assembly. They will appear again in Hadley hall on Sunday afternoon at 2:30. The public is invited.

The prospects for a successful season in basketball have taken a turn for the better. There were grave fears in the minds of some that basketball would be as much of a failure as last season's football, but two letters received from former students, both stars in the game, dispel this fear, and hope is now entertained that the season may be as successful as last year's. One letter received is from Charles Noyer, of Albuquerque who has been playing on the Occidental team of that city. He writes that he will reenter school here on January 15. Noyer is recognized as the

best man that ever played at guard for a team representing this school.

Will Hall, of Nutt Station, who was forced to drop his studies and go to Denver for treatment as a result of football injuries, writes that he will be able to enroll by February 1. Hall plays forward and is an artist at the game. With Hogart, Hall, Thomas and Noyer, of last year's team the college can justly feel confident of success. A good schedule has been arranged, including two games with El Paso high school, two with the Y. M. C. A., two with Military Institute, and probable games with Albuquerque, Socorro, Silver City, Deming and Chihuahua.

HELD ON CHARGE OF SWINDLING
Name of Son of the Former Governor of Massachusetts Signed.

Henry L. Wood, who claims to be connected with a prominent family of Chicago, was arrested yesterday by detective Billy Smith on a charge of swindling, complaint being filed by L. B. Walker, custodian of the Southwestern building.

It is charged in the complaint that Wood secured the endorsement of Walker to two drafts for \$100 each to which the name of Warren L. Douglas, son of the former governor of Massachusetts, had been forged.

Smith heard yesterday that Wood was being sought and caught him at the race track. He outlaid him to this side of the river and when they crossed the bridge placed him under arrest and took him to the county jail.

Wood requested that the sheriff's officers guard him and not place him in jail, but they could not grant this. When arrested he declined to discuss the case, merely saying: "I will fix this thing up the first thing in the morning." However, he has not as yet fixed it up.

POLICEMAN'S IGNORANCE OF ALARM BOX, CALLS FIREMEN
Two days ago, policeman I. Loss, who patrols the Myrtle avenue beat, received a fire box key and last night at 9:30 he thought he would try to ascertain if it fitted.

He opened the box but could not get the key out. Seeing a hook that he thought must be the release for the key, he pulled it. The whistle screamed out 65 and the central and mesa departments hurried to the corner of Brown street and Myrtle avenue.

They found no fire but policeman I. Loss was very much put out.

MANY JEWISH FARMERS FOR SOUTHWEST TEXAS
San Antonio, Tex., Jan. 14.—Samuel P. Becker, of Hartford, Conn., president of the Federation of Jewish Farmers of America, is in these parts for the purpose of looking over lands intended to be settled by Jewish farmers.

Spoken of the Jew as a farmer, Mr. Becker said that there were over 6,000 farmers of Hebrew origin in this country and that this number would increase greatly during the next few years, an agricultural school and farm journal in Yiddish being the chief agents responsible for this. He said that most of the lands taken up by the Jew farmers were located in the New England states and were secured through the generosity of baron de Hirsch, Jacob Schiff and other Jew capitalists. The men to settle in Texas will largely follow truck farming on irrigated lands.

RETURNS WITH PRISONER.
San Antonio, Tex., Jan. 14.—Sheriff Lindsey has returned from El Paso, having in custody H. Overman, alias Johnson, wanted here on a charge of forgery.

Mrs. C. A. Brandt, of the Grand Canyon, passed through El Paso Thursday afternoon on her way to Mexico City.

"DO IT SUNDAY, JANUARY 23"

Don't be like the "Waiting Man." Don't pass by good opportunities. Many a man who is "waiting" today to find a safe and profitable investment, or the RIGHT kind of a lot upon which to build his home, was in the same frame of mind five years ago. He lost his opportunity then, he is passing it by today—the "waiting" man's time NEVER COMES. Hence, an opportunity once offered should be taken advantage of.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell, and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S.S.S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S.S.S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S.S.S. the symptoms begin to disappear and soon a perfect cure is made. S.S.S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S.S.S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who write.
